

## analyzers

**A** *Analyzer*

specialized  
solution  
analyzers

## plotters

**A** *Plotter*

specialized plotters using  
unified interface for  
maximum exchangeability

## timers

**A** *TimerBase*

exchangeable timers  
for measuring runtime

## implicit\_solvers

implicit space solvers  
such as root finding  
algorithms

## multigrid

too many classes  
to be displayed here
